FUTURE INTERIORS MANUFACTURING

Successfully launched last year, FIM is the only dedicated exhibition in the Middle East for interiors, components, fittings and materials suppliers, which will attract buyers sourcing products that cater to every stage of the furniture manufacturing supply chain.

From component and machinery manufacturers who service the furniture industry, to the designers, producers and retailers of finished products, this exhibition represents products, technologies and trends involved in the creation of interiors.

With positive growth in all markets for the interiors and fit-out sector whether retail, residential, hospitality or commercial, exhibiting at FIM is the perfect avenue for you to take advantage of this expanding segment.

**52 EXHIBITING

FIM has been a very positive experience for us. We have been given this opportunity to meet new contacts, work on new contracts and buildings... This region is important to us as we are trying to build business relationships especially with contractors and FIM provides us with the perfect platform for that.
