Exhibiting Opportunities

Space Only

Allows you to design and produce your own original stand

Shell Scheme

Includes ready-built stand with power, lights, carpet, name board.

Top Banner

Includes ready-built stand with power, lights, carpet, Top Banner , and waste bin.

Wooden Stand

Includes ready-built Wooden stand with power, lights, carpet, name board, counter, and waste bin.

2026 Features

Conference

Sahara 2026 Conference stands out as Egypt's premier event in the exhibition sector, offering a comprehensive platform to explore the latest innovations, opportunities, and trends within the Agriculture Industry.

The Women in Agri Networking Event

The Women in Agriculture Networking Event will be a remarkable occasion designed to bring together and empower women within the Agriculture Industry.

Matchmaking Programme

Introduces a high-level hosted buyer program designed to attract key buyers from Europe, Asia, and Africa. Hosted buyers are connected with companies seeking to export, with meetings conducted in a one-on-one setting within the Hosted Buyer Lounge, strategically located at the show.

Agricultural Consultancy

The Consultancy Zone is an educational feature that allows farmers to ask experienced consultants questions to improve their farming processes.

Workshops

In-depth technical sessions providing our delegates with focused educational content

Innovation Hub

Sahara 2026 will introduce a dedicated zone for startups and innovative projects, providing essential resources and hosting investment-focused panel discussions to facilitate business growth and attract investors.

Sponsorship Opportunities

A variety of Solutions SAHARA has to offer

Pre-defined Sponsorship Packages

Sahara offers pre-defined sponsorship packages with exclusive benefits divided over 3 tiers:

PLATINUM

GOLD

SILVER

Our pre-defined packages offer a limited number of clients an exclusive mix of online & onsite with venue branding options designed to distinguish their brands throughout their entire participation journey. Get in touch with us today to find out more about pre-defined exclusive packages' availability.

Better Stands at SAHARA 2026

At Sahara, we embrace raising the level of awareness and improving the sustainability of our event. Disposable, single-use exhibitor stands contribute to over 80% of waste on the show floor and have a detrimental impact to the environment. The Informa Better Stands programme is our commitment to reducing disposable stands and replacing them with higher quality, re-usable structures made from robust, sustainable materials. We're encouraging exhibitors to join us in this journey, towards a more sustainable, and responsible future for the exhibition industry.

The programme has been divided into **3 key stages:**

- Stand structure and walls
- Platform or raised flooring
- Furniture and equipment
- Lighting

- All Bronze elements, plus:
- Fascia & overhead signage
 - Rigged structure
 - Ceiling
 - Display facilities

- All Bronze and Silver elements, plus:
- Graphics & decorative items
 - Floor covering

All elements of a particular category must be reused or recycled in order to achieve that classification.

Contact the sales team at sahara@informa.com to for more information and guidance as to how you can be more sustainable with your stand build.

We are waiting for you!
